The documents numbers 1 and 9 listed on the attached Form PTO-1449 were cited in an International Search Report mailed on September 10, 2003 (copy attached) directed to a counterpart international or foreign application.

This Information Disclosure Statement is submitted:

The information contained in this Information Disclosure Statement under 37 C.F.R. § 1.97 and § 1.98 is not to be construed as a representation that: (i) a complete search has been made; (ii) additional information material to the examination of this application does not exist; (iii) the information, protocols, results and the like reported by third parties are accurate or enabling; or (iv) the above information constitutes prior art to the subject invention.

In the unlikely event that the transmittal form is separated from this document and the Patent Office determines that an extension and/or other relief (such as payment of a fee under 37 C.F.R. § 1.17(p)) is required, Applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing 144092000401. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.
